SUMMARY

I'm a Software Developer | Front-end with over 1+ years of experience. With a passion for creating interactive, and user-friendly Dynamic web & Mobile Applications. As a Front-End Software Developer, I am devoted to utilizing my acquired programming skills positively impact any organization I am part of. I am a dedicated engineer who gets the job done through a willingness to learn, effective communication, and collaboration.

EXPERIENCE

Front-End Development Intern

MALhub

📅 2023 📍 Nigeria, Kwara

Worked with a company frontend team in creating new web applications.

- Worked closely with the company's frontend team to conceive and develop cutting-edge web applications, contributing to the enhancement of the overall user experience.
- Collaboratively contributed to the development of an Attendance Management System, which significantly reduced bug fix times by 20%.

Front-End Development Intern

TechnoHacks

📅 2023 - 2024 📍 Online

Contributed to the development of proprietary healthcare software solutions.

- I Worked together with industry experts and gain real life practical experience, learning how to manage scalability and Performance Optimization of web Applications .

PROJECTS

Social Media Web Application

🌐 <https://project-nextjs-threads.vercel.app/>

Developed a comprehensive Threads clone using Next.js 14+, showcasing proficiency in both front-end and back-end technologies.

- Implemented a robust tech stack, incorporating Next.js, MongoDB, Shadcn UI, TailwindCSS, Clerk, and other technologies for optimal performance, security, and scalability.
- Integrated features, including nested deep comments, notifications, real-time search, authentication systems, community creation, member management, and more

EDUCATION

Diploma in Software Engineering

ALX Academy

📅 2022 - 2022 📍 Online

- I attended ALX's 12-month Software Engineering program, specializing in Front-End Development. I collaborated on different projects like Airbnb clone, contributing to the development of dynamic UI interfaces.

Bachelor's in Electrical And Electronics Engineering

Kwara State Polytechnic, Ilorin

📅 2022 - Present 📍 Kwara, Ilorin

SKILLS

HTML5 CSS3 SASS / SCSS React

Next JS JavaScript Typescript

Node JS React Native MongoDB

REST API Redux Git/GitHub

TailWind Material UI Bootstrap

Appwrite CMS GraphQL

Payload CMS Firebase Netlify

Vercel Supabase Problem Solving

Teamwork

STRENGTHS

🌟 Analytical and Problem-Solving Skills

Used problem-solving skills to debug and enhance applications, leading to 10% increased user satisfaction at MalHub.

⚙️ Teamwork and Collaboration

Successfully adapted to changing project requirements, ensuring seamless integration of new functionalities.

PROJECTS

Event Organizer Web Application

[🔗 https://price-craft-app-eight.vercel.app/](https://price-craft-app-eight.vercel.app/)

Developed a comprehensive events management platform using Next.js 14, demonstrating proficiency in full-stack development from concept to execution.

- Implemented robust Create, Read, Update, and Delete (CRUD) functionalities for events, empowering users with complete control over event management, from creation to modification and deletion.
- Integrated Stripe for seamless and secure payment processing, enabling users to purchase tickets and manage transactions effortlessly.
- Established smart event connections and organized displays, featuring related events on the details page for a structured and user-friendly presentation, elevating engagement and user experience.

Amazon Scrapper Web Application

[🔗 https://price-craft-app-eight.vercel.app/](https://price-craft-app-eight.vercel.app/)

Developed an e-commerce product scraping site using Next.js and Bright Data's webunlocker, empowering users to make informed decisions by receiving notifications on price drops and product availability status.

- Integrated Nodemailer for automated email notifications, delivering alerts for various scenarios such as back in stock or lowest price. Implemented cron jobs to automate periodic scraping, ensuring real-time and up-to-date data.
- Integrated a user-friendly search bar for efficient input of Amazon product links, enabling seamless scraping and tracking of product details. The site includes a modal for users to opt-in for tracking through email notifications.

STRENGTHS

Innovative

Worked closely with cross-functional teams to deliver complex projects on time and within budget.
